Meeting Minutes
April 03, 2012

Members Present: Bob Hardy, Peter Fogg, Marina Sumner, Bill Lawrence, Katherine Dawson

Call to Order 6:00PM:

Bob made a motion to reappoint Marina Sumner for another three years. Peter second the motion. Marina accepted. All were in favor.

Peter began discussion on the spread sheets he created for the landscaping/summer maintenance bids. Brush cutting & mowing of the 132 Ball Field could be done cheaper if we hire it out at the local level. May not need to cut some of the brushy area if we mow it each week. More discussion comparing bids, Belknap Landscaping came in higher than Dolloff Lawncare. Some discussion about calling Belknap to see if they would lower their bid but that would be unfair to the other bidders would have to call all and most would cry foul. Peter made a motion to award lawn care bid to Dolloff Lawncare. Billy second the motion. No discussion. All were in favor. Bob will contact him.

Bob presented J.P.Carter Electrical's invoice for approval & payment for $2799.00. After review of the itemized bill Peter made a motion to pay. Marina second. All in favor.

Bill made a motion to accept the minutes of 3-27-2012. Katherine second. All in favor.

The Park Commissioners discussed changing the meeting date from Tuesday night to the second Monday night and not change the time. All agreed to change to the second Monday beginning with May.

Posting/advertising for part time summer maintenance person was discussed. Not spend money but put on website and on bulletin boards across town. Scope of work reviewed and it was agreed will include “must pass criminal background check” & resume required.

The porta pottie bids should go out. Reviewed requirements for each park including Summerfair and the Christmas Parade. Peter made a motion to post on the web site. Marina second. All in favor.

As we schedule events in the Park for the 2012 season we will check surrounding towns for their scheduled events and try to pick open dates. Peter made a motion to adjourn

Motion to Adjourn: 8:00PM
